For the past two years, our partners from Greece, Cyprus, Italy, Austria, and Slovenia have been hard at work, testing innovative approaches for employability and labor skills development through civic education.

At this special event, we'll showcase the results and achievements of the Civilhood project, highlighting our efforts to promote the rights of unaccompanied minors and facilitate their integration into the workforce of their new communities.

With guests from civil and political structures in attendance, it's set to be an inspiring gathering filled with insights and discussions.

Join us for the final event of the CIVILHOOD project, as we celebrate our achievements and look towards a brighter future for migrant integration.

You're invited to be a part of it!
